# JOINT Status Report

FILED  
U.S. DISTRICT COURT  
DISTRICT OF KANSAS

CASE No: 22-CR-00028-J

2024 AUG 19 PM 12:56

MARGARET BOYKINS, CLERK  
CHEYENNE

- ◊ The defendant has yet to hear even so much as an acknowledgement of receipt from the court with regards to his application for the 'necessity defense' or his motion to subpoena or the 'intent to use evidence'.
- ◊ The court has had the application for the 'necessity defense' for 3 weeks and the motion to subpoena and the 'intent to use evidence' for more than 2 weeks at the time of writing this report.
- ◊ The defendant was under the impression this report would be given in some kind of pre-trial conference but due to the lack of acknowledgement of receipt from the above mentioned application for the 'necessity defense', the motion to subpoena and the 'intent to use evidence' has decided to mail, as the defendant believes he is being ignored intentionally.
- ◊ The defendant needs to know what the court has done with the application for the 'necessity defense', his motion to subpoena and the 'intent to use evidence' in order for him to know if he is, in fact, ready for trial.
- ◊ Please respond immediately

Respectfully Submitted,

Joseph Beecher
